EDUCATION

Bachelor of Computer Applications: AI <i>Lingaya's Vidyapeeth – Faridabad 9.0 GPA/CGPA</i>	2023 – 2026
Schooling: Commerce <i>Grand Columbus International School – Faridabad Class 12 – 93%, Class 10 – 90%</i>	2021 – 2023

PROFESSIONAL SUMMARY

Analytical Business/Data Analyst skilled in converting complex challenges into actionable insights. Expertise in BI dashboard development, reporting automation, and requirements analysis using SQL, Power BI, and Excel, with foundational knowledge in Python. Focused on delivering data-driven solutions and enhancing efficiency in collaborative environments.

SKILLS

- Analysis & BI Tools: SQL (T-SQL), Power BI, Microsoft Excel, Microsoft Visio
- Data manipulation using Pandas and NumPy
- Database management
- Predictive modeling
- Process analysis
- Version control
- Collaborative teamwork

EXPERIENCE

Data & Business Analyst Intern — Trossachs Corporate Advisors	01/2026 – 05/2026
- Delivered DataFlow Pro, a BI and analytics platform giving firm leadership real-time visibility into revenue trends, compliance risk, and operational KPIs — saved 15–20 hours/month in data processing and reporting. - Collaborated with team members to analyze financial data and identify trends. - Developed presentation materials for client meetings, enhancing visual communication of key insights. - Contributed to brainstorming sessions, offering fresh perspectives on client solutions and strategies. - Used AI-assisted tools (Claude, OpenCode) to accelerate delivery and SQL refactoring, shortening project timelines.	
Software Developer Intern — Prokon Hi-Tech Systems	06/2024 – 07/2024
- Digitised manual business workflows (inventory tracking, AMC management) into a Python/MySQL system, improving reporting accuracy for the operations team. - Replaced paper-based processes with HTML forms and Google Suite, reducing administrative turnaround time.
